15-Minute Crash Courses

Laurie R. Rardin

Environmental Health Coordinator, NH DHHS

“Equipping CHWs with Tools and Resources to Understand and Address Children’s Environmental Health Issues”

The New Hampshire Environmental Public Health Tracking program collects and analyzes data to inform actions protecting public health. This presentation overviews the Children’s Environmental Health initiative and showcases tools for CHWs to address children’s environmental health.

Granite Ballroom

10:30-10:45 AM

Savannah Miller

Recovery Support Manager, RC/CHW, North Country Health Consortium

“Naloxone: in 15 Minutes or Less”

Naloxone: In 15 Minutes or Less will highlight key areas for overdose prevention. Participants will learn what naloxone is, how

Granite Ballroom

2:30-2:45 PM

45-Minute Crash Courses | 11:15-12:00pm

Bobbie Bagley

Chief Public Health Official - Director, City of Nashua

“Illuminating Pathways through Supportive Care Services to Enhance Health and Wellbeing”

This session will explore how the City of Nashua leveraged CHWs to support COVID-19 response and recovery efforts. It will discuss the lessons learned, including successes and challenges in deploying CHWs to enhance outreach, engagement, and culturally-appropriate service delivery for hard-to-reach populations.

Granite Ballroom

Rebecca Hill-Larsen

CHW/CHW Program Coordinator, North Country Health Consortium

Jeanette Jet A. Goldberg

Medical Management Auditor, NH Healthy Families

“The Brilliance of Collaboration”

In 2022, an MCO and a community-based organization collaborated to develop a hyper-local Medicaid care coordination program. This presentation reviews the program’s development from both organization’s perspectives, including an interactive session on creating joint SMART care plans.

Salon C

Kathy Bates

Disability Policy and Training Specialist, UNH Institute on Disability

“Lighting the Way for Inclusive Health for the Disability Community”

An estimated one in four adults in NH has a disability, making it the largest minority group. People with disabilities face disparities in healthcare access and outcomes due to social determinants and provider biases. CHWs can help address these barriers through an interactive session on the social model of disability and inclusive practices.

Concord Room

Alia Hayes

State Health Assessor & Improvement Plan Manager, NH DHHS

“State Health Improvement Plan Opportunities: Be the Light!”

CHWs are essential in NH, illuminating ways to enhance community well-being. The State Health Improvement Plan (SHIP) provides a framework for their pivotal role in addressing diverse health needs and driving positive change. Explore their impact through a deep dive session.

Capitol Room

45-Minute Crash Courses | 1:00-1:45 PM

Jennifer Goulet

CHW/R/C & Program Manager, North Country Health Consortium

"Check your Bias: Addressing Stigma and Bias Among Marginalized Communities"

This presentation will address stigma and bias among marginalized populations and challenge attendees to investigate their own bias and understand the steps that they can take to address it for better client outcomes.

Granite Ballroom

Linda Riddell

Founder, Health Economy LLC

"How Poverty Changes the Brain, Which Changes Everything"

The game Gettin' By, developed by an epidemiologist, demonstrates how poverty alters the brain. This training shifts attitudes, unveils the hidden impacts, and provides a research-based checklist to see poverty in a new light, enabling more effective aid.

Salon C

Keith Nyhan

Deputy Commissioner, NH Insurance Department

“Insurance Resources for Granite Staters”

The NH Insurance Department regulates commercially sold insurance. Deputy Commissioner, Keith Nyhan, will discuss the Consumer Services Division, which handles inquiries and appeals. He'll provide an overview of the department's role in regulating the industry and protecting the public. Questions about personal workplace insurance coverage are welcome.

Capitol Room

Robert Cousins

Director of Mobile Integrated Healthcare, McGregor EMS

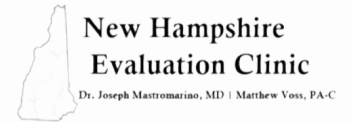

“A Mobile Integrated Healthcare Approach to Improving Healthcare Access and Outcomes”

This presentation will address stigma and bias among marginalized populations and challenge attendees to investigate their own bias and understand the steps that they can take to address it for better client outcomes.

Concord Room
