

# CHWs CONNECT

## Group Facilitation for CHWs

### WHO (YOU?)

If this describes you, please come!

**I am a community member or  
Community Health  
Worker/similar:**

patient navigators, peer support  
workers, outreach workers, care  
coordinators, etc.

**During this session, participants  
will be able to:**

- Understand the role and skills of an effective group facilitator.
- Employ techniques to maximize participation, safety, and constructive conflict.
- Manage challenging group situations with confidence.
- Design engaging sessions customized to groups needs.

### WHAT **FREE!**

This 3-part training for CHWs will cultivate facilitation skills to successfully guide diverse groups. Through interactive lessons on group dynamics, conflict management, and facilitation strategies, participants will learn to bring communities together, promote constructive dialogue, and help groups achieve their purpose.

### PRESENTED BY

**James Figueiredo**
